DETAILED ACTION

This is the initial Office Action following the Request for Continued Examination based on the 11/523473 application filed January 3, 2006. Claims 10, 15, 20-25, 44, and 53-56 as amended March 4, 2010 are currently pending and considered below.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10, 15, and 20-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Regarding the above claims, applicant has amended claims 10, 15, 21, and 22 recite the limitations "the end" and "the upper barrel" in line 5 of the claim. There is insufficient antecedent basis for this limitation in the claim.
4. Furthermore, claims 10 and 21 refer to "an upper barrel" in line 13 of the claims. The examiner is unable to distinguish whether "an upper barrel" as claimed is a second upper barrel, or if it refers improperly back to the recitation of "the upper barrel" described above.
5. Additionally, claim 22 refers to "a lower barrel" in line 14 of the claim. The examiner is unable to distinguish whether "a lower barrel" as claimed is a second lower barrel, or if it refers improperly back to the recitation of "a lower barrel" in line 5 of the claim.

Allowable Subject Matter

6. Claims 44 and 53-56 as amended in the response filed March 4, 2010 are allowed over the prior art of record..
